May 22, 2018

So, here is a little test for all of us. Whisper the name, "*Jesus!*" That's right! Whisper it again! "*Jesus!*"

When you are down ... whisper that name. "*Jesus.*"

When you are in pain, confused, in fear ... whisper that name. "*Jesus.*"

When you have fallen so far you think you could never get back ... whisper that name. "*Jesus.*"

When you are lonely, fighting a battle of your life ... whisper that name. "*Jesus.*"

When everything seems right and you have had your socks blessed off ... whisper that name. "*Jesus*"

Now, here is that little test I mentioned earlier. When you even thought about responding by whispering that name, "*Jesus*", did everything within you seem to say, "*Don't do it!*"

The reason is the name of *Jesus* is not only another name. *Jesus*, Yeshua in the Hebrew, carries with it a dunamis power so packed with the glory of God it changes the atmosphere around us. Even the storms of life cannot stand up to whispering the name of *Jesus*. The waves calm. The wind dies down. The failing heart begins to breath with new life-giving ability.

Jesus is the sweetest name I know. *Jesus* to those who love Him as Lord and Savior is the name that goes before them to accomplish extraordinary things for God and mankind.

The name of *Jesus* is powerful, driving the spirit of fear to leave. That name, *Jesus*, shakes up a dying church and gives it sustaining life again. That name, *Jesus*, is powerful enough to knock the enemy of our soul out of our lives and empowers us rise up, in victory.

Just say the name ... "*Jesus!*" Whisper that name ... "*Jesus!*" Shout that name ... "*Jesus*" if you dare! Then, experience the life giving, eternal and everlasting breath of God fill your soul with gratitude.

"Jesus ... Jesus ... Jesus"
