

Armstrong Service, Inc. provides energy efficient products and services for federal facilities that improve the performance of steam, air, and hot water systems. Armstrong is a global, family owned company dedicated to providing unparalleled service, training and energy efficient industrial systems solutions since 1900. Our engineered products and solutions are designed to increase savings in time, energy and money. Armstrong is an Energy Star Partner and is a current GSA® Schedule holder.

- **Steam & Condensate System Components**
- **Energy Efficient Hot Water** – generation and control
- **Humidification Systems**
- **Energy Saving** – steam & condensate system audits
- **Engineering Design** – utility project improvements
- **Steam Trap Monitoring** – wireless / web based (SAGE™)
- **Operation and Maintenance Services** – utility systems optimizations

Past Performance

- **Fresno, CA VAMC** – Hot Water Generation
- **Dallas, TX VAMC** – Steam Trap Monitoring & Hot Water Generation
- **Tampa, FL VAMC** – Steam Trap Monitoring
- **Joint Base Lewis McChord** – Steam Trap Monitoring to reduce steam loss
- **Hill Air Force Base, Utah** – Best in Class Steam trap Optimization Program, replaced 4,000 steam traps. To sustain savings achieved, Armstrong provided on-site steam system optimization expertise.
- **Wright Patterson AFB, Ohio** – Steam Trap Monitoring System installed
- **Hines VAMC, Chicago, IL** – Steam & Condensate System Audit
- **USMC Base, Parris Island** – Hot Water System Assessment & equipment replacement

GSA Schedule 56: SINs 563-27,563-28 and 563-98 Contract# GS-07-0460M

DUNS: 949110860

CAGE: 1SWG8

NAICS: 221122, 221210, 221310, 221320, 221330, 238220, 333318, 423720, 423830, 423840, 523840, 541330, 541614, 641618, 541690, 561210
